Martha's Page

HAROLD,

I think you're a great guy!
Just think of all the things I've told you this year. Wow. But remember what I said Just Think of Them, don't repeat them!!

Really though, we've had a great year and I'm the first to admit it!

Stay sweet and keep a closed mouth

I LUV-ya.

And childhood is done,
We will think of you always
And victories won.

So loyal and true,
We will think of you always

NEWS? "SMOKE SIGNALS" GOT IT.

Students and Faculty are always interested in activities and personalities which develop during each six weeks. "Smoke Signals" is our voice.

Our staff is composed of High School and Junior High reporters who submit articles of interest to the students of Wampee High.

Our Aim is to promote creative writing among all students throughout the school.

We publish an interesting combination of news, human interest, literary compositions, and just plain "gossip."

PEP CLUB

The Pep Club's purpose is to help the cheerleaders lead students in promoting school spirit. They actively promote a cheering section at all games. They have proven themselves good salesmen through sales of programs, pompom shakers, and megaphones.

SCHOOL SPIRITED - STUDENT COUNCIL

Representing the entire student body, the Student Council strives for those things which will be for the best interest of our school. The elected representatives discuss and act on problems which are presented to the council. The main drive of the Student Council is to increase cooperation between the student body, the faculty and administration. This project can never be completed, only furthered. It is the ardent hope of the 1969 Student Council that Wampee High School may be a better place for their efforts.

To keep pace with the philosophy and the progress of our school the "Blue Book" seemed inadequate. Editing and revising it has proven a major project this year.

INDIANS GAIN GLORY

This was really the YEAR OF THE INDIANS. These boys dominated the entire 7A conference with a 3-0 conference record. Johnsonville, Williamsburg, and a host of other teams fell to the skillfull teamwork of the Wampee squad. During the regular season, our team was defeated only twice – by McClenaghan and Loris.

Even the capturing of the conference championship did not satisfy the Indians' unquenchable thirst for glory. Again they went on the warpath; this time against Clio. Winning this game, the team seized another crown, the District Championship. With this victory still fresh in their minds, the Indians traveled on to play St. John's in the State Class A Semifinals. Although our boys were defeated, they have much to look back upon. Just as the team will always remember this great year, so shall we remember them.

The 1968-69 season marked the beginning of the J.V. basketball program at Wampee-Little River High School. A great deal of progress was made by the end of the season despite the won-lost record of 2-11. Many of the J.V.'s will be promoted to varsity next season to fill the places of the graduating seniors, and with the potential for stable basketball resident in the eighth and ninth grades, the basketball program looks bright. It should be kept in mind that much work is needed and that in order to have a winning program, there is a need and that in order to have a winning program, there is a need for dedicated participants. With many of the players attending basketball camp during the summer, it seems apparant that the necessary dedication is being made that will bring to Wampee – Victory and Honor.

EPILOGUE

The last word has been written and typed; the final picture has been printed. The final, hectic days of arranging the lay-out, which were the culumination of one year's work in gathering material, making pictures, and putting them into a meaningful story of this year's activities, are a thing of the past.

There was much selective work in choosing or rejecting ideas and photos. There was much collective work, as staff members pondered over the problem of producing a new-type yearbook that would still record the wonderful old customs and traditions of the school.

It would be impossible to mention all the persons whose time and efforts have made this publication possible. Deep gratitude for a job well done goes to Mrs. Anne Edens, the sponsor of the **Warpath**. We would like to recognize Mr. John Edwards, our photographer, to whom we are very grateful. Our appreciation also demands an expression of thanks to Mr. Ron Normon, representative of the Keys Printing Corporation for friendly, courteous help and guidance.

Perhaps our deepest gratitude is for you, our fellow students, whom we have used as free character models to tell **our** story.

Harold,

You have almost completed your first year in high school and I imagine you have enjoyed it. Make the most of the years you have left. I will be leaving Stampee in a couple of weeks and I want it to you and others like you to make it a more enjoyable school. Study hard. Best of Luck to a very deserving boy.
